"The NYLT Leadership Academy has been life changing for me. Because of it I've broken out of my shell and I'm able to be myself more with people I just met. Before, I had little self-confidence and now, with the skills I've learned and people I've met, I feel I can do whatever I want to. And for my leadership skills, they have sky rocketed. I was able to really understand and develop my own version of servant leadership and implement it into my everyday life. This course is not only to improve NYLT staffers, it's also to help individuals become the leader they want to be by having fun."

- Jessica P., Water and Woods Field Service Council, 2015 Week Two

"I hit a growth spurt in my development as a leader and as a person. I learned how to reflect and look at myself, and how I can constantly improve how I lead and develop a team. The skills I've learned about introspection and effective leadership styles have stuck with me and helped me in many different areas of my life."

- Connor C., Northern New Jersey Council, 2015 Week Three
