

TAKE YOUR NYLT STAFF TO THE NEXT LEVEL

WHAT IS THE NYLT LEADERSHIP ACADEMY?

The NYLT Leadership Academy is the premier train-the-trainer course for youth staff of your council NYLT course. It trains your NYLT youth staff to be world-class presenters and leaders of their council's course. The NYLT Leadership Academy is being held in Los Angeles, California, St. Louis, Missouri, and Washington, DC in 2019.

The program is open to all councils nationwide. Participants who take the Leadership Academy will be treated like the staffers that they are. Each participant will make five presentations (through the incorporation of EDGE) ensuring effective participant learning. Lessons in effective and positive presentation evaluation will allow participants to bring the lessons of the Academy back to your NYLT program. This happens in a special place of mutual respect and learning.

The Academy is not just an in-camp experience. One day is spent hiking to many of the historical places in Los Angeles, St. Louis or Washington, DC area. The Academy is definitely a lifechanging, transformational experience for its participants.

WHERE DID IT ORIGINATE?

NYLT Leadership Academy is developed to support local council NYLT staff. It is a direct descendant of the Youth Staff Development Course (YSDC), the National Junior Leader Instructor Camp (NJLIC), previously offered at Philmont and the train-the-trainer instructor courses originally delivered at Schiff Scout Reservation.

ACCELERATE YOUR LEADERSHIP!

NYLT LEADERSHIP ACADEMY ALUMNI PERSPECTIVE

“Leadership Academy was a great experience. It took the NYLT training a step further, giving the participating staff useful and effective tools, not only to take back to our own courses, but to take back into our lives and utilize. Academy also gave me the chance to talk to people from around the country and get ideas from them to better my own course. It definitely helped me improve, and I would gladly do it again.”

WHY ATTEND THE NYLT LEADERSHIP ACADEMY?

The results of sending youth staff to the NYLT Leadership Academy have been:

- Better council NYLT courses.
- An increasing number of councils are holding more NYLT courses.
- More Scouts participating in NYLT. An even more far-reaching result has been an increase in Scouting membership retention, due to better youth leadership at the unit level.

COUNCIL NYLT COURSE DIRECTOR PERSPECTIVE

“I’ve had the great fortune to have worked with a number of youth on NYLT staff that were graduates of the NYLT Leadership Academy. These young men and women bring more than just knowledge of the syllabus, they bring a mature understanding of all the fundamental principles of the program. Academy attendees have a level of enthusiasm that is infectious. This motivation is demonstrated in their approach to all aspects of staffing: from their situational leadership skills to their innovative presentation capabilities. I believe that NYLT Academy is pivotal in creating a culture of leadership and learning in our Scouting program.”
